Telephone Call to [REDACTED] 25X1X

1. We learned this morning that [REDACTED] is in Gainesville, 25X1X  
Florida today 25X1C and have, therefore, held up the attached cable which was  
being sent to [REDACTED]. I believe it would be useful and helpful if you  
could call him this evening and, in general, pass on the information con-  
tained in the cable as well as any other elaboration you may care to give  
him on the purpose of my trip. He can probably be reached between 5 and  
6 P. M. at the [REDACTED] in Gainesville. The telephone 25X1C  
number is [REDACTED] 25X1C If this is inconvenient for you, please  
have Steve give me a call and then either [REDACTED] or myself will try 25X1A  
to call him.
